# WORLD LEADER

in gold production  
from surface tailings  
retreatment

Only South African gold producer  
focused exclusively on this

## GROUP STRUCTURE

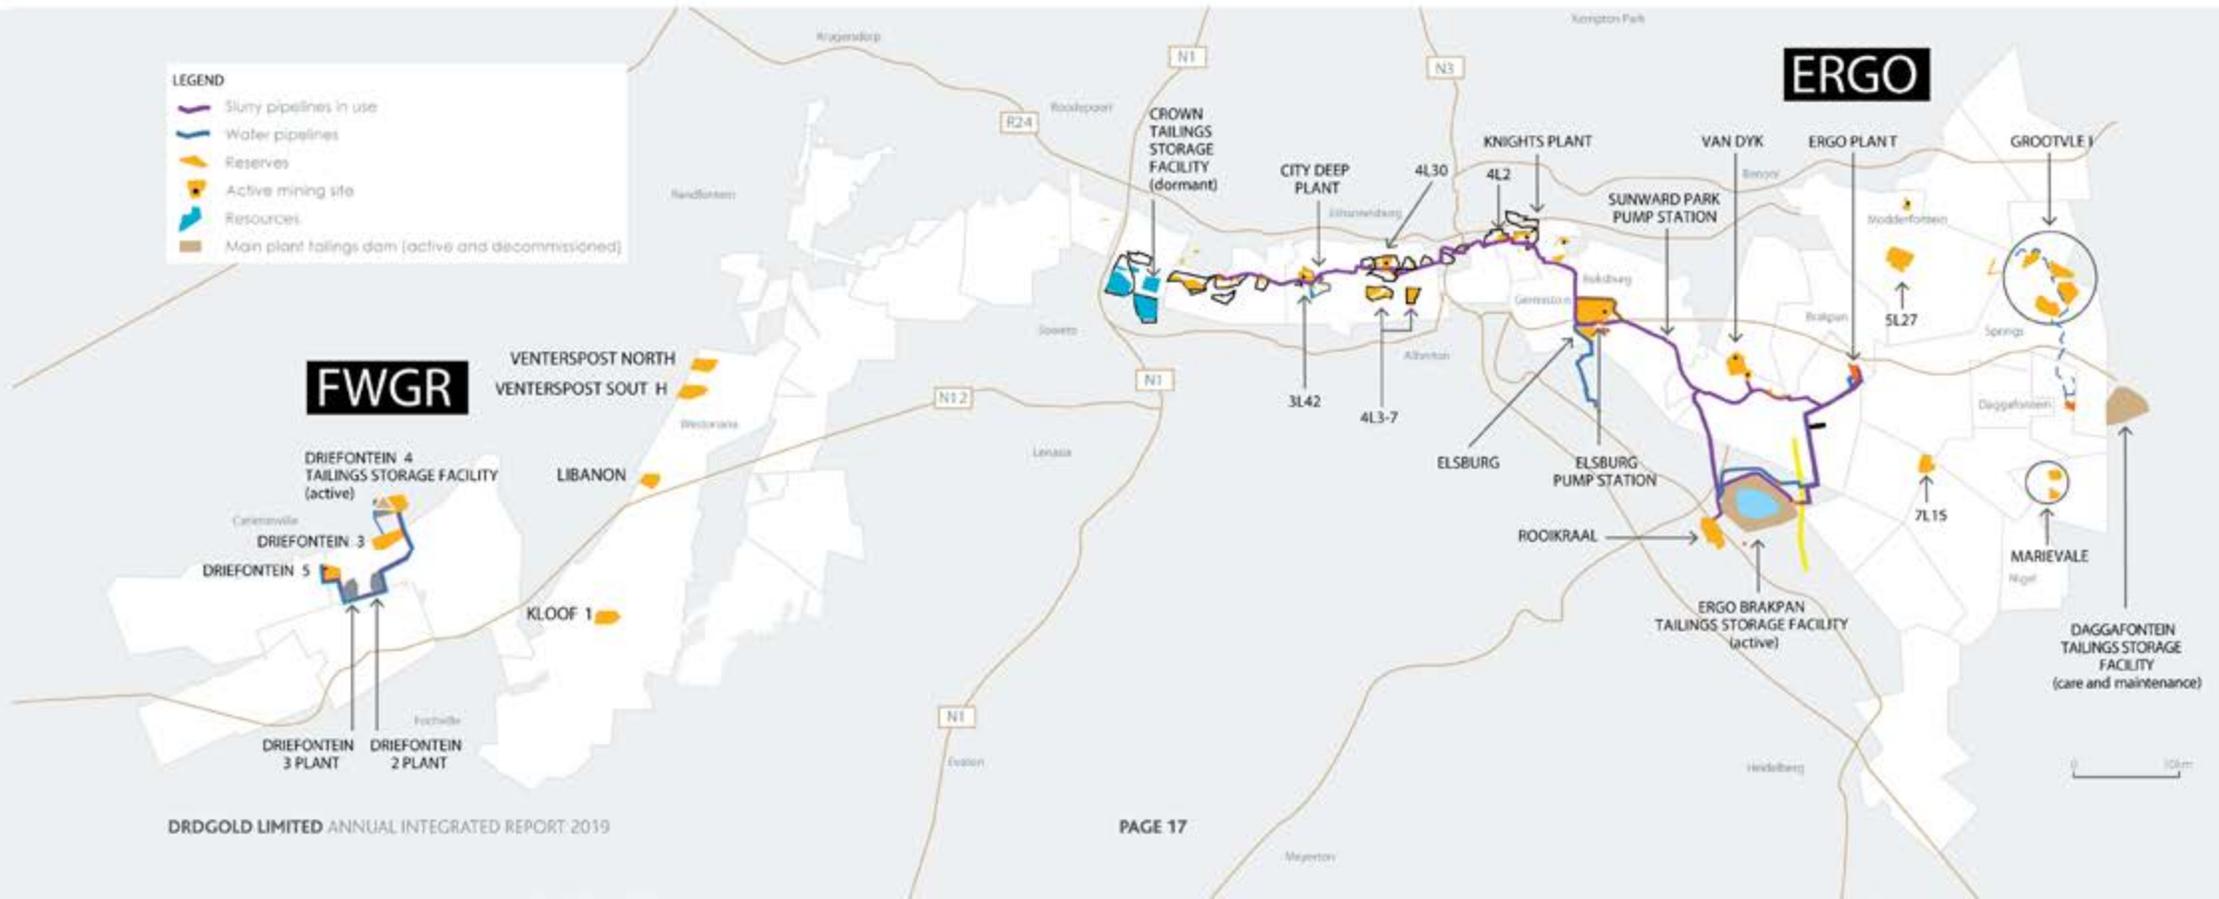

GAUTENG PROVINCE  
SOUTH AFRICA

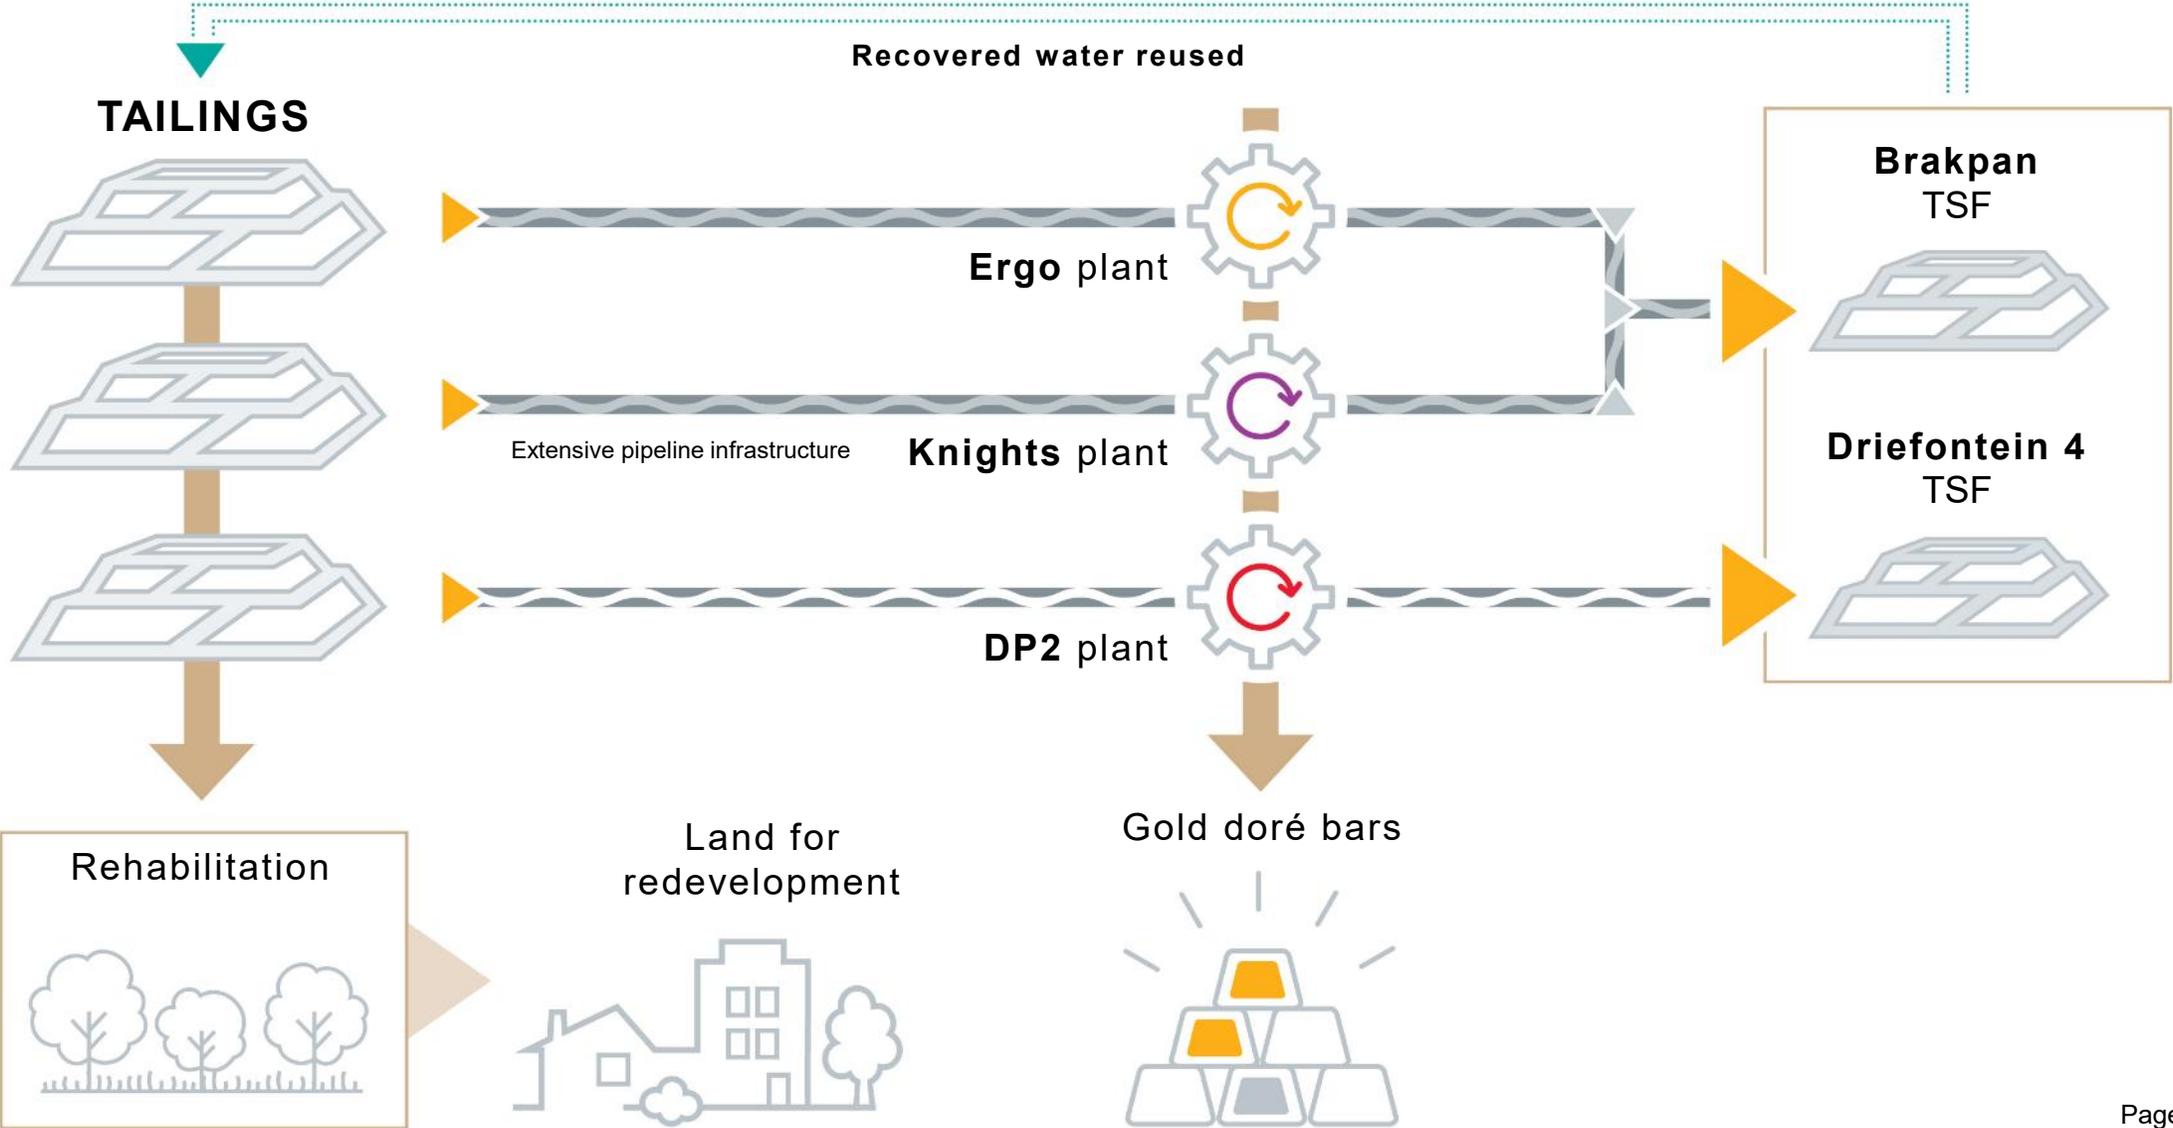

# TWO OPERATING FOOTPRINTS

## FWGR

## ERGO

# WHAT WE DO

# STRATEGY

## Growing our business

### Key differentiator

- Proven technologies and tailings reclamation track record
- Strong anchor shareholder with economies of scale
- Low gearing
- Exciting medium and long term prospects through diversification and innovation

## Profitably and sustainably mine large surface gold resources

### Key differentiator

Established pipeline and infrastructure with growth prospects

## Improving the quality of life of our communities

### Key differentiator

Substantial contribution to the societal needs through rehabilitation, poverty alleviation and youth education

## Being serious about employee wellbeing

### Key differentiator

Low labour intensity and safety risks

## Using technology to minimise impact on the environment

### Key differentiator

Substantial contribution to environmental needs through rehabilitation of land integrated in core business strategy

# MINING WHERE THE SUN SHINES

# FY20 GUIDANCE

Now expected to track lower end due to COVID-19

Tracked higher end at six months

Between 175 000 and 190 000 ounces expected initially

## DISCLAIMER

Many factors could cause the actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, adverse changes or uncertainties in general economic conditions in the markets we serve, a drop in the gold price, a sustained strengthening of the Rand against the Dollar, regulatory developments adverse to DRDGOLD or difficulties in maintaining necessary licenses or other governmental approvals, changes in DRDGOLD's competitive position, changes in business strategy, any major disruption in production at key facilities or adverse changes in foreign exchange rates and various other factors. These risks include, without limitation, those described in the section entitled "Risk Factors" included in our annual report for the fiscal year ended 30 June 2019, which we filed with the United States Securities and Exchange Commission on 31 October 2019 on Form 20-F. You should not place undue reliance on these forward-looking statements, which speak only as of the date thereof. We do not undertake any obligation to publicly update or revise these forward-looking statements to reflect events or circumstances after the date of this report or to the occurrence of unanticipated events. Any forward-looking statements included in this presentation have not been reviewed and reported on by DRDGOLD's auditors.
